**Subject:** EBL Regional Tournament Directors Workshop  
Alicante/Spain

Dear President,

Following the recent EBL TDs Workshop in Alicante, I sincerely thank you for the large participation from many European countries.

From the evaluation survey at the end of this event, we can notice that your respective Tournament Directors learnt much new material during this seminar.

The EBL teaching team has noticed that although for some participants English is still a handicap, the technical knowledge of the participants increases regularly at each TD Workshop.

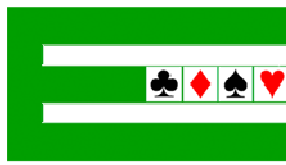

During this Workshop, the participants had an entry test and 8 table simulations including at least seven different examinations. Please find below a table showing the classification of all participants.

I have the pleasure to inform you that the TDs showing a notation “A” or “A+” will be invited to participate in the next EBL Main Course (every 3 years) that will be held in 2016.

Sincerely yours,

Eitan Levy  
EBL TDs Committee Chairman

Yves Aubry  
EBL President
